How Best to Photographic Pets

Bio

After a 25 year career working on Broadway and television as an actor I moved over to the much more financially secure road of art photography. I have had the good fortune of having 13 books of my photography of horses, dogs and cats published by major publishing houses and my latest book which celebrates the symbiotic relationship between women and horses HER HORSSE has just be released.

I created Petography® in 1995. I offer art photo commissions of pets and people with their pets and have traveled from as far as Mongolia to the wilds of New Jersey doing so. My clientele includes: Elton John, Billy Joel, Laura Dern, Jennifer Aniston, Henry Kissinger and Oscar de la Renta

Westchester Photographic Society is proud to invite the public to see Jim Dratfield Friday Sept 24, 2021 7:30. To Register email Deborah@wpsphoto.org with “Jim Dratfield Sept 24, 2021” as subject.
