### Start to Finish: Surreal, Conceptual Art

Friday June 2, 2023 7:30 (eastern time)

#### Topic

Brooke will walk through the ideation, shooting, and editing, in detail, on a recent project, showing how she takes a small idea and brings it to life. From shooting and editing techniques to insights into how we create art that truly connects to others, this class will go in-depth into her process and mind to illuminate a deeply connected way of creating.

#### Bio

Brooke explores the darkness and light in people, and her work looks at that juxtaposition. As a self-portrait artist, she photographs herself and becomes the characters of dreams inspired by a childhood of intense imagination and fear. Being the creator and the actor, Brooke controls her darkness and confronts those fears.

Brooke's passion is storytelling, and her life is engulfed in it. From creating self-portraits and writing to international adventures and motivational speeches, she wants to live a thousand lives in one. She keeps her curiosity burning to live a truly interesting story.
