

Procedure to Gain Full Access to the WPS website

To protect our members privacy, WPS members will need to login into our WPS website with an email address and a password to access the Members Only portions of the site.

Here's our procedure for getting yourself approved as a WPS member:

1. Click on the Sign in / Log in link on the WPS home page (upper right corner). That brings up a Sign In window. On your first visit, fill in your email address and create a personal password (and retype it) and hit the Go button. That will send a request to our website administrator asking him to approve your request for full access to the website.
 2. With in a day or two, our administrator will check your email address against our members list and approve your request. You will be sent an email telling you that you can now Log In to the website.
 3. Go back to the website and click on the Sign In / Log In link. When the Sign In window opens click on the Log In in the upper right corner of that window. That will give you the Log In window. Type in your email address and your password and hit Go. That should let you into the entire website. Make sure you have JavaScript enabled (particularly if you are using Firefox) and are accepting cookies. If all goes well your browser will automatically log you into the site on future visits.
 4. If you encounter any problems send an email to webmaster@wpsphoto.org .

As a new member of WPS, we have added you to our Members Phone List with is available through the Members link on our home page. There are two copies of the list: one sorted alphabetically and one sorted by town. Please don't not use these list for sending mass mailing or Spam to our members.

We also restrict access to our competition scores and our competition catalogs in an attempt to keep people from stealing our images. The site also contains all of our old and current newsletters, exhibits and field trips information as well as many forms and documents that may be of interest to some of our members.

For new members we have a button on the Join page that will take you to our New Members Packet. This contains links of particular interest to new members. Please take a few minutes to look through the packet.

Our newsletters come out about once a month and we will send you a link to the latest issues as they appear. We also send out an email titled WPS Updates to announce breaking news between the newsletters. Please add webmaster@wpsphoto.org to your address book to prevent the updates from being labeled spam by your email programs.

"Welcome to the Westchester Photographic Society !!
