

The Westchester Photographic Society Presents  
“Preparing Photos for Competition”

Presented by Arnold Breisblatt  
Friday, July 8, 2022 at 7:30pm

Looking to make your picture competition worthy? How about creating a quality framed photo for an exhibition?

I have found taking the picture is only the first step to get to the final stage where the image becomes what satisfies me the most. Taking the next step and putting the photo

in competition, allows me the opportunity to share it with our club members and have a judge give me their advice to make it better.

This session will feature working in Photoshop Elements 22 to enhance your photo, size it for competition (or exhibitions) and placing it in the competition website.

The Westchester Photographic Society is proud to invite the public to see Arnold Breisblatt, August 5, 2022, 7:30. To Register email \_\_\_\_\_ with “Arnold Aug 5th” as the subject.
