A Zoom Webinar

Doing Street Photography

A Program Designed to Enhance Both Your Technical Ability and Visual Sense

This session will cover a wide range of street photography topics, beginning with an introduction to the genre and progressing through intermediate and advanced topics. We will cover everything from how to setup and use your camera, to tips and tricks to make street photography easier and more comfortable, to street photography in quiet and suburban areas, and to overall conceptual issues in street photography, such as telling a story and creating a portfolio or project

James has live in New York for his entire life. Like many Manhattanites, he is a terrible driver and cook, but he's an excellent navigator. He has been practicing the art of street photography since he first picked up a camera, has worked as a portrait, studio, and documentary photographer in New York since 2005, is a certified New York photography tour and workshop guide, and is the author of The New York Photographer's Travel Guide and The Essentials of Street Photography.

Westchester Photographic Society is proud to invite the public to see James Maher Friday October 23, 2020 7:30 pm.
